From The President

Although this "report" is being written January 23 for appearance in the March issue of the **Michigan Librarian**, it is in the nature of a summary. Its purpose is to acquaint you with the ways and means already in progress, results of which may be in evidence by March 1.

1. FINANCES. Always of importance and particularly this year, your Executive Board at its January 8th meeting recommended to the committee on Finance that it study the entire financial structure of MLA and report its findings and recommendations at the February 20th meeting of Executive Board. We are confident this committee will establish policies in line with "a forward looking program for the future MLA."

2. COMMITTEE APPOINTMENTS. Your president is elated with the results of her pleasant but difficult job of appointing fellow members to working positions in the Association. You may be surprised to learn this job, begun early in July, 1952 is only now nearing completion. You can realize the complexity of this one of many duties of your executive officer when you think in terms of just two factors, time and correspondence. It has taken six months in time, July to January for appointments to **111**; more than 150 letters and notifications; 25 long distance telephone calls and at least six telegrams to appoint and confirm approximately 130 members to positions on committees. There still remain about a dozen names to be added. We take pride in this long roster of Who's Who. We believe you will also.

3. COMBINED MEETING of State Board for Libraries and the Executive Board of MLA. Both bodies viewed with satisfaction the programs presented at this meeting on January 9. Uppermost in the thinking of each group were the more or less grave concerns confronting all librarians. After a short discussion of the separate agenda, there was a hearty concurrence of opinion on the four or five basic problems facing Michigan librarians which need immediate consideration. That stimulating discussion resulted in a specific four point program as follows. 1. **State Aid** and the need for action in this Legislative session. 2. **Public Relations!** Who are and what are the separate functions of (a) Michigan State Library (b) State Board for Libraries (c) Michigan Library Association. Which body dispenses state aid grants? Who certifies and sets standards? Which group aids you with personnel problems? These are questions asked repeatedly. Public relations needed? Yes What can be done? What needs to be done? 3. **Recruiting and Membership.** More than ever the need to bring talented people into the profession, and the urgent need to increase membership in MLA; to have the contribution of non-members to the overall MLA program. 4. **Intellectual Freedom.** What is the Bill of Rights for librarians? What about the Feenstra Bill?

Thus the four point program evolved. It bears repeating.

1. State Aid
2. Public Relations
3. Recruiting and Membership
4. Intellectual Freedom

To make it a truly vital and workable program . . . STUDY IT! DISCUSS IT! MEMORIZE IT!

4. COUNCIL MEETING—January 16. Approximately one-third of the committee personnel, or forty-three committee chairmen representing committees, sections and districts met to discuss, define and activate the proposed four point program. This all day discussion of the objectives of the organization as related to the needs of the librarians of Michigan resulted in the following work program. A. The District meetings will contribute to the overall program with their discussion of the theme "The Library in a Free Community". The dates for the meetings appear elsewhere in this issue. Arrange now to **attend** and **contribute** the ideas of your community to the general thinking. B. Recruiting and membership will initiate an all out drive, along alive and positive procedures. C. The planning Committee will work at "short range" this year. It will make a study of the duties and functions of all committees that better correlation of work may be accomplished with less expensive methods. This committee will present recommendations to the Executive Board for final approval or further study.

5. CONFERENCE PLANNING. An experiment will be tried this year in Conference Planning under the general leadership of Mr. William Chait. In addition to the "host library" committee, Mr. Donald Kohlstedt and his staff of the Grand Rapids Public Library and adjoining library agencies, an advisory group has been appointed to represent committees, sections and districts. **Now is the time for your individual voice in this planning.** This committee and your Executive Board urge you to send your suggestions for conference speakers, general sessions and other meetings to Mr. Chait immediately. It's your convention!

CONCLUSION. The work accomplished by every yearly succession of officers and committees is much more than any 4-5 or 6 point program. Each year's work encompasses many accomplishments barely visible to members. If in this process "of viewing the workings with a critical eye", we succeed in streamlining organizational processes and establishing a foundation for carrying out future action programs more economically, 1953 will be remembered in MLA, and not alone because it happened to be a Republican inauguration year.

My sincere thanks to everyone.

Frances Burnside

The term of office shall begin with the adjournment of the spring meeting of each district and end with the adjournment of the next succeeding spring meeting. Only members of the Association shall be eligible for district offices.

The Association by a vote at its annual meeting may discontinue a section upon the recommendation of the Executive Board when in its opinion the usefulness of that section has ceased.

Sec. 2. Each section may close its meetings to all but its own members. It may have meetings at other times and places than the time and place of the annual meeting of the Association and shall elect its officers at such time and in such manner as shall be determined by a majority of the voting members of that section, except that the term of office shall coincide with the elective year of the Association, beginning with the adjournment of the annual meeting of the Association and ending with the adjournment of the next succeeding annual meeting. In the event that the annual meeting of the Association is held jointly with, or at the same

time and place as other library associations and no meeting of a section is held, the officers of that section may hold office until the next annual meeting of the Association.

Sec. 3. No authority is granted any section, district, board, or committee, except the Executive Board of the Association, to commit the Association as such by any declaration of policy or to incur expense on behalf of the Association except on specific authorization from the Executive Board or by vote of the Association at its annual meeting.

This succession shall not prevent a person who succeeds to the presidency because of a vacancy, from serving his normal term as president the next year as is provided in the Constitution.

First Step Forward

(letter written January 19, 1953 to Miss Burnside, President of M.L.A.)

Dear Miss Burnside:

I have been instructed to notify you that the Dearborn Library Commission adopted the Library Bill of Rights as its own policy on intellectual freedom, at its meeting on January 14th. The Commission took this step feeling that it was making a contribution to the M.L.A.'s stand on intellectual freedom.

Sincerely yours,
Eleanor A. Ferguson
Chief Librarian

ALA Citation of Trustees

2. That consideration be given to state and national activities as well as service to the local library.
3. That citations be limited to trustees in actual service during at least part of the calendar year preceding the conference at which award is made.
4. That recommendations for citations may be submitted by any library trustee, state library extension agency, or state trustee organization, or the A.L.A. Trustee Division.
5. That a full record of the candidate's achievements must be submitted.

Open Letter To Library Administrators

The Michigan Library Association is asking your cooperation in order that its membership may increase and its files be kept up-to-date.

If possible will you notify Mrs. Evelyn Tintera, Executive Secretary of M.L.A. when a new librarian is appointed to your staff, and also when there is a resignation or retirement of personnel.

We realize that only about one-half of the librarians in Michigan belong to our association. We should like to reach the others. We will be glad to hear from you if your staff is one hundred percent professional membership in M.L.A.

Your cooperation will greatly aid the membership committee's work.

Sincerely,

California Fellowship

Recognizing the need for trained people in the field of library work with children and youth, the California Congress of Parents and Teachers is offering for the year 1953-54 a fellowship of \$1,000 for training in this special field.

Applicants should have strong academic records and special qualifications for library work with children and young people. The fellowship is open to residents of any state, but the recipients will be expected to work with children or young people in a California library for at least two years after graduation.

The award will be announced early in 1953. Applications at the University of Southern California must be filed by April 1, 1953. Applicants should write for application blanks and further information to Lewis F. Stieg, Director, School of Library Science, University of Southern California, Los Angeles 7, California.

University Of Michigan Library Scholarships and Fellowships

Library Service Scholarships and Fellowships offered by the University of Michigan provide an opportunity for well qualified students enrolled in the Department of Library Science to acquire experience in one or more departments of the General Library. Awards are made to applicants who present evidence of superior academic ability and who can qualify for Library assignments.

Scholarships, which carry a stipend of \$1750, will be awarded to successful candidates who have had little or no library training or experience. Fellowships, worth \$2250, are granted to students who have already had formal training or considerable library experience. Payment of the stipend is made in ten monthly installments from September 30 to mid-June. Each appointment is for one academic year and may be once renewed.

Scholars and Fellows may elect not more than half the number of course hours expected of full time students in the Department, and must pay the regular University fees for these elections (six hours or less). They will be scheduled for thirty-six hours of service weekly in the General Library. Scholars and Fellows are allowed the Christmas and spring vacations scheduled in the University calendar.

Applications for both Scholarships and Fellowships should be made not later than May 1. Announcement of the awards will be made about June 1.

Inquiries and requests for application blanks should be directed to SAMUEL W. McALLISTER, Associate Director, General Library, University of Michigan, Ann Arbor, Michigan.

State Aid Recommendation

The Interim Study Committee and the Legislative Committee of M.L.A. joined the State Aid Committee of the State Board for Libraries at a meeting Monday, January 26, at the Detroit Public Library. This meeting was called by the President Miss Frances Burnside to consider the opinions expressed at the fall district meetings on possible revision of the present state aid law and to make recommendations based on these discussions.

The group moved to recommend that Sec. 3a (c) of the distribution formula be revised to read as follows: "If there shall remain any unused portion of said county and regional library establishment and development fund, said portion shall be transferred to the jurisdiction of the state board for libraries and used at its discretion for purposes of encouraging the federation and cooperation of li-

braries and of demonstrating regional library service."

This revision will return a form of equalization to areas of the state not now financially able to give broad library service. There will be an attempt to provide incentives for libraries to cooperate in extending their services as well as demonstrations of bookmobile service. This committee is now preparing a rough draft of a completely new state aid distribution formula. Copies of this draft will be sent to each library in the state prior to the spring district meetings. Time will be devoted at each of the meetings for discussion of the proposals, so that a satisfactory bill may be presented to our state legislature.

Mrs. Mary Daume, Chairman
Interim Study Committee

Summer Workshop

A Workshop on Administrative Problems of School Libraries will be held this summer during the regular summer session at Western Michigan College of Education, Kalamazoo, Department of Librarianship. The workshop, however, will extend over only a period of two weeks, July 6 through July 17 while the regular summer session period extends from June 22—through July 31.

The object of the workshop is to provide opportunity for experienced school librarians to make intensive study of one or more administrative problems of the modern school library. It will consist of conferences, panel discussions, and lectures held during the afternoons with the mornings free for individual study. A number of resource people will be called in to augment the instruction provided by the staff of the Department of Librarianship and observation visits to school libraries in the area will be arranged.

For School Librarians

In addition to the workshop which is open only to graduate students, courses in the following subjects will be offered: Classification and Cataloging; Curriculum Enrichment Materials; Selection of Reading Materials and Reading Interests of Youth, each carrying three semester hours of credit; Storytelling and Administration of School Libraries each carrying two semester hours of credit. Opportunity to earn one credit hour in the school library is also provided.

Miss Hannah Hunt of the American Library Association Headquarters staff will be one of the visiting instructors. Other faculty members will be Miss Jean Lowrie of the Campus School Library and Miss Louise Le Fevre, director of the department. Mrs. Rosalie Fraser, Librarian of the Paw Paw School, will supervise field work in the Campus School Library.

Your Help Requested

The Children's Bureau of the Federal Security Agency is sponsoring a Special Juvenile Delinquency Project which will attempt to focus attention on the gravity of the present situation and to stimulate local action aimed at improving services for delinquent children. Since 1948, juvenile courts in various parts of the country have reported to the Bureau that the number of children coming to them because of delinquent acts has increased almost 20 percent. Dr. Martha M. Eliot, Chief of the Children's Bureau, has appealed to all librarians to join in a nation-wide campaign aimed at preventing juvenile delinquency and offering better treatment of those children who have become delinquent.

There are two major ways in which librarians can help. The first is by effectively helping to inform the public by making reading materials on the subject available to interested groups, by sponsoring discussion groups and by arranging special exhibits. To assist librari-

ans in this the ALA and the Children's Bureau are jointly compiling a selective, annotated, bibliography of books, pamphlets, films and magazine articles on juvenile delinquency. When this list is available, we will put a note in the Newsletter. Second, Librarians are encouraged to become a part of the local citizen's committees which will engage in this campaign.

**Graduate Program
For School Librarianship**

The Department of Librarianship, Western Michigan College of Education, Kalamazoo, has established a new graduate program for the preparation of school librarians effective with the opening of the 1953 Summer Session. Students with ten semester hours of Library Science and fifteen semester hours in Education may apply for admission to the program. To become a candidate for the Master of Arts degree, the student will also need to meet the requirements of the Graduate Division.

The graduate program in school librarianship provides a combination of related courses in the fields of Education and Library Science. Electives from other departments are based on the previous work of the individual student. Students who have earned more than 18 semester hours of Library Science credit at the undergraduate level are urged to take six to eight semester hours of work in related fields and those who have earned less than 18 semester hours of Library Science at the undergraduate level must take enough additional work in Library Science to total 30 semester hours. Each student's program will be developed according to his needs. If a candidate for the master's degree chooses, he may present a thesis in lieu of 6 semester hours of class work. Opportunity for research in the school library field and for observation of and participation in school library activities is provided through the school libraries of the Campus School and the affiliated schools of Western Michigan College of Education.

The undergraduate program for school librarianship has been revised and provides a minor which with the cognate courses in Literature for Children, Audio-Visual Education and Field Work prepares the student to meet the requirements of the North Central Association for school library positions in the smaller schools.

The graduate courses to be offered in the 1953 Summer Session are *Reading Interests of Youth*, 402; *Curriculum Enrichment Materials*, 405; and a *Workshop in Administration*.

tive Problems of School Libraries, 461 which will be concentrated in a period of two weeks July 6 through July 18th and which carries two semester hours of credit. Advance registration is urged because enrollment in the Workshop will be limited.

For further information write to the Graduate Division or to the Department of Librarianship, Western Michigan College of Education, Kalamazoo, Michigan.

P.S. If you have not received a membership blank for 1953, please write to the Executive Secretary.

Editor's Report

Speaking first as Executive Secretary, the Membership Directory published in this issue had a twofold purpose: 1. To be a directory of members. 2. To help your membership committee and Executive Secretary bring names, home and library addresses up-to-date and to make sure our records are correct in regard to payment of dues.

The need to increase membership and to have non-members and past members actively engaged in MLA work cannot be stressed too much. It would be gratifying to the membership committee, if every active member would make an earnest effort to bring in a new member in '53.

As Editor, the cooperation received is *grand*. However, would all of you extend this co-op-

eration even further. The *Michigan Librarian* receives approximately \$1,000 a year in advertising and costs you another \$1,000. Every year millions of dollars are spent by libraries buying supplies and equipment. A gentle word from you to all of your dealers *not* advertising would be appreciated. William Peters, Business Manager for the *Michigan Librarian* will be happy to send rate cards and do business with any you might name. The *Michigan Librarian* is a good medium of advertising for merchandisers interested in selling to Michigan libraries. Remember, a \$1,000 saved in printing the *Michigan Librarian* is a \$1,000 for general use of the Association.

Many thanks and please remember—it pays to advertise and buy from our advertisers.

To help your editor, when you have a noteworthy item, send it along. If you find it interesting, others will too. Copy deadlines for all issues of the *Michigan Librarian* are:

June issue deadline, April 20.

October issue, deadline, August 20.

December 15 issue, deadline, November 5.

Please send all copy direct to editor.
